

Start the journey to better hearing

Your EPIC Hearing Healthcare benefits provide an expert-guided path to prescription hearing aids that includes a no-cost hearing exam and consultation, plus support every step of the way.

4 simple steps to find the right solution for you

Step 1: Understand your coverage

Visit [EPICHearing.com/today](https://epichearing.com/today) or call us at **1-866-956-5400** to learn about your coverage for hearing aids and care. Be sure to have your plan name available.
Hearing plan name: ATU Local 1277 Health and Welfare Fund (ATU/MTA)

Step 2: Find a hearing care professional

Request an appointment online or by phone with a hearing care professional in your area for a no-cost hearing exam and consultation.

Step 3: Go to your appointment

During this appointment, your hearing care professional will check your hearing, discuss your lifestyle, hearing needs and budget, and help you decide which hearing aid is the right balance of technology, quality and price.

Step 4: Receive ongoing support at a fitting appointment plus follow-up visits

Your hearing care professional will program your hearing aids and adjust their fit for comfort. You'll also be able to ask questions plus get follow-up care for adjustments if needed.

Prepare for your appointment

Wondering what your visit with a hearing care professional might include? Learn how to prepare for a typical appointment by reading a helpful article at EPICHearing.com/prepare.

Get the most out of your hearing care professional visit. Consider asking:

- What's the most likely cause of my symptoms?
- How can a pair of hearing aids benefit me?
- Do I need to see a specialist?

Information to share at your appointment:

- Your hearing loss symptoms, including when you first noticed them
- Any medical conditions or injuries
- Any exposure to loud environments

The best hearing aid is the one that's right for you

Through your EPIC benefits, you have the help of expert care plus access to high-quality prescription hearing aids, including high-value private-label models and the latest technology from brand-name manufacturers.
